Manpower

A Saudi contractor built for work inside operating plants

Mobius Technology Co. Ltd. is an industrial services and manpower company based in Jubail Industrial City. We serve the oil & gas, petrochemical, power and water, mining, construction and government sectors across the Kingdom.

Our teams deliver civil, mechanical, HVAC, fire protection and electrical & instrumentation works, often under live-plant permit-to-work conditions and defense-site security protocols. We also supply engineers, supervisors and certified craftsmen at short notice.

We are guided by three values: **Patience, Persistence and Perspiration.**

OUR VISION

To give every client the right people for the right job, and to build long-term relationships with clients, staff, suppliers and communities based on trust.

"We commit to customer satisfaction and long-term partnership, with trained, experienced people who respond fast to our clients' needs."

Qasir Iqbal, General Manager

AT A GLANCE

3

Approved vendor codes: Saudi Aramco, SABIC and Hadeed

16

Selected projects delivered in 2025-26 for leading Saudi clients

ISO

Certified to ISO 9001, ISO 14001 and ISO 45001

CLIENTS WE HAVE SERVED

Saudi Aramco

SABIC

SAFCO (SABIC Agri-Nutrients)

Petrokemya

SWCC

Ma'aden

Dalkia (EDF Group)

SRACO

Safety

A core value, recognised with client safety awards.

Quality

Quality is everyone's business.

Teamwork

One team working to shared goals.

Growth

Continuous training of our people.

Four things we do best

Each service is delivered by our own supervisors and crews, to Aramco, SABIC and NFPA standards, with full testing and handover.

01 • Fire Protection & Life Safety

- Addressable and conventional fire alarm & detection
- Sprinklers, hydrants, hose reels, FM-200 clean agent
- Testing, commissioning and Civil Defense handover
- Annual maintenance contracts

References: SWCC, Dalkia (EDF), SRACO

02 • Shutdown & Maintenance Support

- Heat exchanger cleaning, hydro-jetting, fin fan cleaning
- Valve repair, replacement and calibration
- Piping fabrication, MOC jobs, bolt torquing, rigging
- Columns, reactors, vessels and tanks

For: plant maintenance and turnaround teams

03 • Electrical, Instrumentation & Cables

- Cable trays, conduits, cable pulling and laying
- Terminations for transformers, switchgear and RMUs
- Instrument installation, calibration, loop checks
- Pre-commissioning and lighting replacement

References: Aramco Riyadh Refinery, SAFCO

04 • Civil Works & Skilled Manpower

- RC foundations, containment slabs, drainage, fencing
- Warehouses, fit-out and renovation, HVAC
- Engineers, supervisors and certified craftsmen
- Equipment rental with operators

References: Petrokemya, Ma'aden, Dalkia

SPECIALIST SERVICE

Fire Protection & Life Safety

Complete fire systems from supply to Civil Defense handover, delivered in live offices, plants and defense facilities.

Detection & alarm

Addressable and conventional panels, smoke and heat detectors, call points, sounders, networking

Water-based systems

Firewater networks, sprinklers, zone control valves, hydrants, landing valves, hose reels

Clean agent & portable

FM-200 for switchgear and control rooms, CO2 and portable extinguishers, fire blankets, exit signage

HOW WE DELIVER

1

Site survey and risk review

2

Supply of approved materials

3

Phased installation, keeping sites running

4

Hydrotest, flushing, cause-and-effect tests

5

Civil Defense handover and maintenance

RECENT FIRE PROTECTION PROJECTS

SWCC · Admin & Electrical Buildings, Jubail · 2025

Sprinklers, hose cabinets, FM-200 with cross-zoned detection, addressable alarm, hydrants

Dalkia (EDF) · Naval Base Admin & Training Center, Jubail · 2025

Networked addressable alarm, sprinkler network, hose reels, signage, under defense protocols

SRACO · ISD Building & Maintenance Workshop, Jubail · 2026

Full package: firewater network, hydrants, sprinklers, alarm, Civil Defense handover

Dalkia (EDF) · Office renovation, Riyadh · 2025

Sprinkler relocation and alarm loop extension in a live, occupied office

One contractor for the whole job

Plant maintenance

Plant shutdowns · Maintenance and modification projects · Pipeline projects · Removal / reinstallation · In-kind replacement · Steel structure fabrication

Calibration & repair

Pressure, temperature and level gauges · Flowmeters · Analyzers · Valves and actuators

Equipment services

Heat exchangers (all types) · Hydro-jetting · Fin fan cleaning · Rigging · Columns, reactors, vessels, tanks · Maintenance and repair

Construction

Civil and building construction · Facility management · Waste management · Landscaping and irrigation · Logistics

Piping

Fabrication · Replacement and MOC jobs · Welding of CS, SS, alloy and Monel · Valve replacement · Pipe cleaning

Other services

Bolt torquing · E&I repair and cable installation · Abrasive blasting and coating · Equipment rental

Manpower supply

MANAGEMENT & ENGINEERING

Project, construction and planning managers · Planning engineers and schedulers · Cost control / QS · Civil, mechanical, piping, electrical, instrumentation, welding and HVAC engineers · Land surveyors

SUPERVISION, QA/QC & HSE

Civil, mechanical, electrical and instrumentation supervisors and foremen · Welding foremen · Painting, insulation and scaffolding supervisors · QA/QC managers, engineers and inspectors · NDT technicians · HSE managers, engineers and safety officers

SKILLED CRAFTS

6G pipe, structural and tack welders · Pipe and mechanical fitters · Riggers and signalmen · Millwrights · Machinists · Electricians · Cable jointers · Panel wiremen · Instrument and calibration technicians · Loop checkers · HVAC technicians · Painters and blasters · Insulators · Scaffolders · Crane operators · Masons · Carpenters · Steel fixers · Concrete finishers

CVs available on request

Oil & gas, petrochemical and mining

Executed to Aramco and SABIC standards, most under live-plant permit-to-work conditions.

Saudi Aramco

Riyadh Refinery · 2025-26

Electrical & instrumentation works

Cable trays and conduits, cable pulling, glanding and termination, instrument installation, calibration, loop checking and pre-commissioning.

Saudi Aramco

Abha, Tabuk, Madinah, Dawadmi · 2025

Cathodic protection works

Anodes, cabling, junction boxes and test stations; excavation and reinstatement; termination, testing and commissioning.

SAFCO (SABIC Agri-Nutrients)

Jubail · 2025

Equipment light replacement, IBB Plant

Safe isolation and removal of fixtures, installation of new lighting, wiring changes and lux testing under live-plant PTW.

Petrokemya (SABIC)

Jubail · 2025

Civil foundation works, cleaning facility area

Excavation, compaction, chemical-resistant RC foundations and containment slabs, drainage channels and sump pits.

Petrokemya (SABIC)

Jubail · 2025

Civil works, equipment cleaning facility area

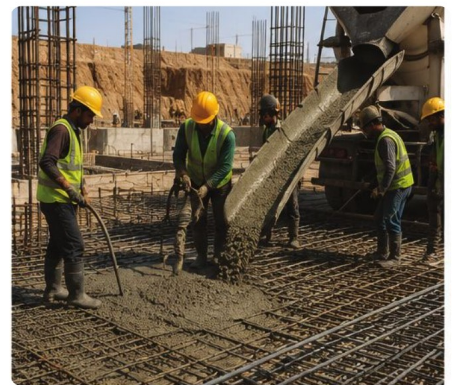

RC foundations, paving, containment slabs, drainage and civil finishing under live-plant PTW.

Ma'aden

Ras Al Khair · 2026

Warehouse construction

Foundations and grade slabs, steel structure, roofing and cladding, electrical, firefighting and building services.

Utilities, defense and facilities

Including work at a naval base under defense-facility security protocols.

SWCC Jubail · 2025	Firefighting works, Admin & Electrical Buildings Sprinklers, hose cabinets, FM-200 with cross-zoned detection, addressable alarm, hydrant connections, to SWCC and NFPA standards.
SWCC Jubail · 2025	HVAC system supply and installation HVAC units, ducting, refrigerant piping, electrical connections, testing, air balancing and commissioning.
SRACO Jubail · 2026	ISD Building & Maintenance Workshop, complete firefighting Firewater network, hydrants, sprinklers, hose reels, fire alarm, extinguishers, hydrotest and Civil Defense handover.
Dalkia (EDF Group) Naval Base, Jubail · 2025	Firefighting works, Admin Building and Training Center Networked addressable alarm, sprinkler network, hose reels, extinguishers and signage with cause-and-effect testing.
Dalkia (EDF Group) Naval Base, Jubail · 2025	HVAC system supply and installation HVAC units, ductwork, refrigerant piping, testing, air balancing and commissioning.
Dalkia (EDF Group) Naval Base, Jubail · 2025	Civil foundation works Survey, excavation, RC foundations and equipment bases, backfilling and concrete testing.
Dalkia (EDF Group) Naval Base, Jubail · 2025	Supply and installation of security fence Concrete foundations, fence posts to Aramco standards, panels and gates, alignment and handover.
Dalkia (EDF Group) Riyadh · 2025	Office renovation and firefighting works Partitions, ceilings, flooring, electrical and HVAC changes; sprinkler relocation and alarm extension in a live office.
Dalkia (EDF Group) Riyadh · 2025	Civil foundation works, warehouse Anti-termite treatment, footings with anchor bolts for PEB columns, grade slab, aprons and plinth protection.

Completion certificates and client references available on request.
